Purpose

This policy establishes The University of Texas at Dallas (UT Dallas) institutional guidelines for Compensation Confirmation. The policy complies with the requirements of the Office of Management and Budget (OMB) 2 CFR 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards Section 200.430 Compensation - personal services.

Policy

The Office of Management and Budget ("OMB") 2 CFR 200 Uniform Administration Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance) sets forth the cost principles that institutions of higher education must follow in expenditures of federally sponsored program funds.

OMB 2 CFR Section 200.430 stipulates charges must be supported by a system of internal control which provides reasonable assurance that the charges are accurate, allowable, and properly allocated" and "reasonably reflect the total activity for which the employee is compensated by the non-Federal entity, not exceeding 100% of compensated activities".

All Principal Investigators and Co-principal investigators who are involved in proposing, expending, and managing sponsored projects must ensure that the salary and wages charged to the sponsored project comply with all applicable sponsor policies and university policies and procedures.

UT Dallas has established a Compensation Confirmation process, which conforms to the compensation requirement of the OMB Uniform Guidance and this document outlines the policy used at UT Dallas to comply with these federal regulations.

• Mandatory cost sharing is required as a statutory condition of the award, the sponsor's program requirements, or the sponsor's solicitation.
