The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1998, a part of the Higher Education Act of 1965, was extended by the Higher Education Opportunity Act of 2008 and the Violence Against Women Reauthorization Act of 2013 (collectively known as the "Clery Act") and requires colleges and universities receiving federal financial assistance to gather and make public information about certain crimes on or near their campuses and publish policy statements concerning campus safety and security.

The University of Texas at Dallas shall comply with all requirements of the Clery Act. This policy sets forth guidelines and procedures intended to ensure the University's ongoing compliance with the Clery Act's crime and fire reporting and disclosure obligations, and its obligation to make available to the campus community and the public, campus security and safety policy statements as prescribed by the law. Although this policy does not address every specific requirement of the Clery Act, it is the Policy of the University of Texas at Dallas to fully comply as required.

The purpose of this policy is to ensure the University's compliance with the Clery Act. Compliance requires that the University:

- Identify and train all Campus Security Authorities;
- Identify Law Enforcement personnel and jurisdiction;
- Compile and disclose statistics of reports of the types of crimes specified in the Clery Act ("Clery Crimes") for the main campus, the immediately adjacent public areas, and satellite campuses, specifically Callier Dallas, Center for Brain Health, Brain Performance Institute, and the Center for Vital Longevity;
- Collect reports of Clery Crimes made to University Police or any person identified as a UT Dallas Campus Security Authority;
- Prepare and Publish the Annual Security Report to the Department of Education with statistics of Clery Crimes for the last three years and University policy statements addressing campus security and safety ("Clery Report");
- Issue "Timely Warnings";
- Issue "Emergency Notifications";
- Issue missing student notification policy statement;
- Maintain a daily crime log, available to the public, of all crimes reported to campus security;
- Maintain a daily fire log, available to the public, of incidents occurring in on-campus student housing; and
- Conduct educational programs to promote awareness.

This policy applies to all University personnel who have responsibility for an aspect of campus security, and offices and individuals with "significant responsibility for student and campus activities." Individuals responsible for student and campus activities and others who, because of their role at the University, may be classified as Campus Security Authorities ("CSA") under the Clery Act have specific crime reporting obligations under the law.

Clery Compliance Committee – Full compliance with the Clery Act requires the attention, input, and
communication of several offices and departments with UT Dallas. UT Dallas will utilize an institutional team approach in order to achieve Clery compliance.

The Clery Compliance Team will meet quarterly and will be appointed by the Executive Vice President. The Clery Compliance Team will consist of the following:

- Dean of Students or designate
- Assistant Director of the Student Organization Center or designate
- Athletic Director or designate
- Director of Title IX Initiatives
- Director of the Student Wellness Center
- Assistant Vice President for Residential Life or designate
- Director of Emergency Management or designate

- Dean of Undergraduate Education or designate

The primary purpose of the Clery Compliance Committee is to maintain communication to ensure an on-going review and training of Campus Security Authorities throughout the University and to provide on-going relevant information for the Annual Security Report.

Definitions

Annual Security Report - The Clery Act requires the University to annually submit to the Department of Education and publish to the University community and public, a report that addresses safety and security policies, prevention programs, and crime statistics.

Area Clery Reporting Letter – Letter to outside police jurisdictions requesting Clery crime information for property immediately adjacent to campus, or to jurisdictions where students stayed more than one night or in consecutive years on University sponsored activities, i.e. athletic teams.

Arrest – Persons processed by arrest, citation or summons. The University shall compile statistics for and specifically disclose arrests related to weapons and, drug and alcohol abuse. If an individual is both arrested and referred for disciplinary action for an offense, only the arrest will be disclosed.

Referral for Disciplinary Action – The University shall compile statistics for and specifically disclose students' referrals for disciplinary action related to weapons' and drug and alcohol abuse. If an individual is both arrested and referred for disciplinary action for an offense, only the arrest will be disclosed.

Campus Security Authority (“CSA”) – Used in the Clery Act to identify persons at the University who, as a result of their functions at the University, have an obligation under the law to notify University Police of alleged Clery Crimes that are reported to them, which they conclude have been made in good faith. Such persons need not be an employee of the University, such as students and outside volunteers. CSA's are defined by their University function; not by job title. While an individual's ordinary responsibilities and functions at the University would not classify them as a CSA, the individual may take on a responsibility which would then qualify them as a CSA; for example, if an employee or volunteer organizes or helps lead a student trip or outing.

UT Dallas has four general categories of CSA:

1. University Police – The UT Dallas Police Department is responsible for reporting crimes and gathering crime statistics and therefore most of its members are CSA's.
2. Any individual(s) who is responsible for an aspect of campus security but who does not constitute or is not a member of the University Police, i.e. Residence Hall Lobby Monitors or as specified in this policy.
3. Any faculty member who serves as a sponsor or advisor of a student organization.
4. University officials who have significant responsibility for student and campus activities.

**Clergy Crimes** - The University must compile statistics of reports made to University Police, CSA's and local law enforcement of the following types of crimes: aggravated assault; arson; burglary, motor vehicle theft, murder and non-negligent manslaughter, negligent manslaughter, robbery, sexual assault, stalking, domestic violence, dating violence, and hate crimes (for above offenses as well as larceny-theft, simple assault, intimidation, and destruction/damage or vandalism of property), and arrests and referrals for disciplinary action related to liquor law violations, drug law violations, and illegal weapon possession.

**Daily Crime Log** - UT Dallas Police maintains for public inspection a Daily Crime Log of all alleged criminal incidents that are reported either directly to University Police or to the University Police by a CSA. Incidents are recorded in the Daily Crime Log with the date and time the alleged crime is reported, the date and time the alleged crime occurred, the nature of the alleged crime, and the general location of the crime, and the disposition of the complaint.

**Dating Violence** - Violence committed by a person who has been in a romantic or intimate relationship with the victim. Whether a relationship exists will depend on the length, type, and frequency of interaction.

**Domestic Violence** - Felony or misdemeanor crime of violence committed by a current or former spouse or intimate partner, current or former cohabitant, a person with whom a victim shares a child-in-common, a person similarly situated to a spouse under domestic or family violence law, or anyone else protected under domestic or family violence law.

**Emergency Notification** - A notification advising of an immediate threat to the health or safety of students or employees occurring on campus. Emergency Notifications may be issued to the entire University or may be segmented by campus depending on the type of emergency. Emergency Notifications are issued via UTDALENT, SMS text and campus email, by University Police or the Director of Emergency Management. Other forms of communication may be utilized to supplement the notification.

**Fire Log** - Environmental, Health, and Safety maintains for public inspection a fire log. Any report to a University official of a fire occurring in on-campus student housing must be documented in the Daily Fire Log with the following information: date and time the incident was reported; time and date of the incident; nature of the fire, and general location.

**Hate Crime** - Clergy Crimes and any incidents of larceny-theft, simple assault, intimidation, of destruction/damage/vandalism of property that are motivated by bias toward race, gender, gender identify, religion, sexual orientation, ethnicity/national origin, and disability.

**Missing Student Notification** - If a student who resides in on-campus student housing is determined to have been missing for 24 hours, the University has 24 hours following the receipt of a report of a missing student to initiate specified notification procedures to notify the student's designated contact, parent or legal guardian, and the law enforcement agency with jurisdiction. The University is not precluded from initiating Missing Student Notification procedures if the student has been missing less than 24 hours or as soon it determines the student is missing.

**On Campus Property** - Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution's educational purposes, including residence halls; and any building or property that is within or reasonably contiguous to that described in the first part of this definition, that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor).

**Professional Counselor** - A person whose official responsibilities include providing mental health counseling to members of the institution's community and who is functioning within the scope of his or her license or certification. Professional Counselors, when acting within the scope of the official responsibilities, are not Campus Security Authorities and therefore not required to report.
Public Property - All public property, that is immediately adjacent to and accessible from the campus.

Reported Crime - The University shall compile and publish statistics of "reported" Clery Crimes that occurred on Campus Property or Public Property as defined in this policy. For purposes of the Clery Act a crime is reported when it is brought to the attention of a CSA or University Police by a victim, witness, other third party or even the offender. Information about the crime does not need to be explicit. It does not matter whether the persons involved with the crime or making a report are associated with the University.

Sexual Assault - Any sexual act directed against another person, forcibly and/or against that person's will, or not forcibly or against the person's will where the victim is incapable of giving consent (e.g. forcible rape, forcible sodomy (oral or anal intercourse), sexual assault with an object, and forcible fondling (touching of the private body parts of another person for the purpose of sexual gratification). Disclosure of reported offenses is required.

Stalking - When any person purposely and repeatedly engages in an unwanted course of conduct directed at a specific person that would cause a reasonable person to fear for his, her, or others' safety, or to suffer substantial emotional distress.

Timely Warning - The University must timely alert the campus community to Clery Crimes that create a serious or ongoing threat. Even if all of the facts surrounding the criminal incident(s) are not yet available a warning will be issued as soon as pertinent information is available, to enable individuals to take precautions to protect themselves and to prevent similar crimes from occurring. Timely Warnings are sent to the entire University via campus email and may be supplemented with other forms of notification.
